

# Cast with Confidence

## Quartz Casting Crucibles

Hooded and Slotted Versions

Made of premium virgin fine grain quartz, Avtek crucibles are non-contaminating, facilitate easy alloy flow, and are long lasting.

Suitable for all casting alloys, the crucibles promote even heat distribution resulting in more precise castings.

Available in Type S-Slotted and Type C-Hooded, Avtek crucibles are compatible with all centrifuge casting machines on the market.

Packaged individually.

All Avtek products are satisfaction guaranteed and are also available through your dental dealer.
